Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

We have reviewed recent market activity within Point Cook; however, there are no directly comparable sales within a 2km radius and a 6-month timeframe that closely align with the subject property. The available sales evidence varies in terms of layout, condition, land size, and floor level, with no recent transactions providing a close comparison. Taking into account the property's location, features, and strong buyer demand in the area, we anticipate a likely sale price in the range of $2,580,000 - $2,680,000.
