Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Recent market activity in Point Cook shows no directly comparable sales within a 2 km radius over the past six months, as available properties differ in layout, condition, land size, and floor level. Considering the subject property's location, features, and strong buyer demand in the area, we estimate a likely sale price of $1,390,000–$1,439,000.
