Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

We have reviewed recent market activity within Point Cook and the surrounding area. However, there are no directly comparable commercial property sales available, with very few to no similar properties remaining and no recent sales evidence available for direct comparison. Given the property's premium location, convenient access to the Princes Freeway, established surrounding development, and generous land size, we believe the property reasonably falls within a price range of \$9,500,000.
